How to Make a Booking Request?: Once you find the travel product you're interested in, simply click on it and it will open up to a product page that will feature a summary of the travel product selected (this will include the offer, pricing, inclusions, highlights and dates available, member benefit). We also have other tabs which are; itinerary, map, gallery of images, and videos specific to that travel product and/or destination. If you're interested in receiving a quote based on your specific requested departure and air gateway, you can either call the number if provided or simply click on the "Request a Quote" button and put in your details. Once you click submit, it will automatically go to a travel specialist for that specific request and they will get back to you within 24 hours if during the work week. ***These offers cannot be taken and used to book with any other travel agent. It all must be done through this site and through the supplier partners featured. Otherwise, the savings will not apply, and the Loyalty Program noted below will not be applicable for you to earn travel dollars over and above these savings.***
