

BCRPVPA MEMBERS' UPDATE

Bulletin For Members

We sincerely hope that many of you will be able to join us at the **General Meeting on Tuesday, March 30 at 9.45am.** There is no need to let us know in advance of the meeting that you will join us on Zoom since the link to Zoom and the meeting agenda will be sent to everyone.

We are pleased that **Nikki Domanski, a clinical pharmacist and lecturer** who works at the UBC Pharmacists Clinic, will be **the featured speaker at our March 30, 2021** General Meeting. Nikki will be introducing the Pharmacists Clinic, discussing the services that are offered, providing a few examples of the types of patients they see and explaining how patients can book a 1-on-1 appointment (phone, internet, face-to-face) with a pharmacist. There will be a Q&A following her presentation. Members will be asked to keep their questions general, avoiding specifics that would be better asked during a 1:1 session. We look forward to seeing you, via ZOOM, on March 30. **The speaker session will begin at 11:00 a.m.**

Moving, changed email or your address? It is important that we stay in touch. Send your changes to info@bcrpvpa.ca

Census 2021 Opportunities

As retirees many of us are looking for opportunities to become involved in community activities that extend beyond the teaching workplace. Some of us do it out of a feeling of giving back for what we have received in our working careers, some for wanting to show our commitment to the values of our Canadian culture and civic responsibilities, and some of us may out of need be looking for some part-time employment to pay unexpected bills.

The next census will take place in May 2021. Statistics Canada will be hiring approximately 32,000 people across the country to assist in census data collection activities. **Statistics Canada wants BCRTA members who are interested to be aware of these job opportunities.**

Census information is vital for all communities for planning schools, daycare, housing, hospitals, emergency services, roads, public transportation, and employment skills training. In response to the COVID-19 pandemic, Statistics Canada has adapted to ensure that the 2021 Census is conducted throughout the country in the best possible way, using a safe and secure approach.

Should you have any questions, please contact Statistics Canada at statcan.censusoutreach.west-rayonnementdurec.ouest.statcan@canada.ca.

Thank you in advance for supporting the 2021 Census.
Terry Green/Chair, Well-Being Committee
