Past President Report – Newsletter, June 2024

I'd like to start off by saying a big THANK YOU to Ted St. Pierre who is leaving the position of President but staying on as a Member-at-Large. Having taken early retirement, Ted has been a member of the BCRPVPA for many years. I can't recall a time when he wasn't in an Executive position. He has been Treasurer, Vice-President, President, Past President, and the Editor of the Newsletter. Reliability, Patience, Responsibility, Kindness are all qualities which Ted owns in abundance. These qualities stand him in good stead for his coaching of Curling. Yes, he even finds time for that and for being a good Son, Brother, and Uncle to his very large Family in Ontario.

His leadership will be missed.

1. Please consider running for the Executive in a named position next year. Members-at-Large are able to join us throughout the current year – a good way to volunteer.

2. The Speakers in 23-24 were much appreciated and spoke to our areas of interest – volunteering, scams affecting seniors, estate planning and wills. Please feel free to make any suggestions for Speakers in the 24-25 year.

Many thanks to everyone who has contributed articles for our newsletters this past year. Please continue to send articles to info@bcrvpa.ca

The next deadline for articles is **Monday, November 4,**
one week after the General Meeting, Thursday, October 17, 2024.

Some highlights of applications on the website:

1) SCHOLARSHIPS:

Applications for grade 12 scholarships no longer have to be sent by mail. Students easily apply for scholarship consideration, directly online on the website. The Scholarship Committee does a commendable job of reading the numerous applications and coming up with the successful grade 12 student applicants.

2) MEMBERSHIPS:

As well, new members to the BCRPVPA also have been applying online. There are currently a number of applications received so far. Please encourage your Principal & Vice-Principal friends who are retiring this year, to consider joining the BC Retired Principals' & Vice-Principals' Association. Applications are easily made on the bcrvpa.ca website, under the heading Membership.

Scholarship Report by Jeff Larcombe

BCRPVPA Scholarship/Bursary Committee Report. Submitted by:- Jeff Larcombe

Over the years we have tried to direct scholarships to students who not only achieved a high academic standing, but who also demonstrated excellent service both in their school and community. Often such students also achieve very well in sports and/or the arts. The awards from the BCRPVPA are also available to students who may choose to enter the trades rather than attending university. In awarding the scholarships, the committee is also very aware of considering any students whose family is financially challenged.

In recent years we worked to increase the number of annual scholarships awarded from 4 annually to now “up to 10 scholarships”.

The committee has been very pleased to see the number of students applying for scholarships increase year over year. Three years ago, we had a record 35 applications for scholarships, and this year we had almost 90!

One factor that may have contributed to this increase is that students have now been able to apply on-line for the last two years!

This allowed for a more streamlined process for the selection committee. All the applications were forwarded to the committee members some two

weeks or so before we met in person to complete the student selection.

All Committee members met earlier this year to streamline a system which allowed us to select the ten successful students who each receive \$1000 from our Association, in record time.

In addition, we were able to select three very deserving students who each receive \$1750 - funded through HearingLife.

HearingLife has been providing funding to us for the past few years, and we appreciate being able to award additional scholarships to students with this funding. The awards are based on specific criteria set out by HearingLife.

Here are some comments received from our recently successful applicants:-

“Thank you so much. I am so pleased to have been selected as a recipient of this scholarship! I will plan to forward the required information in the late August. Also I would be honoured to have a short write up done about my application for your newsletter and I would love to receive a copy of it.”

“I could not be more grateful for your support. This award is going to be extremely helpful as I begin my academic career and I thank everyone at BCRPVPA for their noble work of helping make students' educational dreams a reality. I am also definitely going to reach out to HearingLife to convey my thanks and would be more than happy to have my write-up included in the newsletter. I am very excited and once again, thank you very much.”

“Thank you so much for selecting me to receive the BCRPVPA scholarship this year! I am beyond excited and honoured to have been selected.”

“Thank you so incredibly much for the amazing and generous scholarship. It is an honour and humbling to have been selected, and it goes a long way in realizing my future dreams. Thank you again.”

SCHOLARSHIPS

In addition to notifying the successful students of their awards, we feel it is also important to communicate with all unsuccessful applicants. These students have already been contacted.

It has been a privilege to sit as a member of the Scholarship Committee, along with Christine Johnson, Yolande Martinello, and Ian Kent. It is also very gratifying to know that our Association is supporting students in our Province financially to further their education.

Summary of Speakers' Presentation 2023-2024 General Meetings

In 2023-2024, the speakers at General Meetings were:

(thanks to Christine Johnson who worked hard to sponsor speakers)

1) Constable Gho, Vancouver Police scam section:

We began the year with a presentation by Constable Gho of the scam section of the Vancouver Police. He addressed the two principal areas of scams involving seniors: dating scams and the grandchild needing money to release him/her from prison/hospital. These two scams alone result in millions of dollars to scam artists.

2) Cathy Wong re Estate Planning:

We proceeded with matters of interest which had been identified by our membership - an address to our Membership by Cathy Wong re Estate Planning

3) Lesley Russell:

Later in the year Lesley Russell, an associate with a law firm, spoke to the Membership about the legal aspects of Estate Planning.

4) Lisa Mort-Putland re Volunteerism:

Since volunteerism is also a point of interest, we invited Lisa Mort-Putland from the Victoria Branch of Volunteerism to present to us. Her words were very meaningful as she addressed much of what we do as carers as true volunteerism.

5) We look forward to your letting us know which topics you wish to be addressed next year. info@bcrpvpa.ca

Excerpts from - **A Six Day Adventure in England** by Trudy Baggett

(read more at <https://bcrpvpa.ca/trip-blog/six-day-adventure-in-england/>)

.....We then went by train to Penrith in the North Lake District (a three hour journey). Euston Station was again an easy walk from The Tavistock. In Penrith we stayed at the North Lakes Hotel and Spa. They are well suited to serve the many hikers that come to this area. The restaurant was excellent. Cumbria is all about lakes, rolling hills, farms, cottages, sheep and numerous dry-stone walls. It also is home to a UNESCO World Heritage Site.

.....Back to London and another scrumptious Pub meal. The next photo is taken across from the amazing Liberty Department store. This old Tutor building reminds us of what it was like living in the 1500s. They are hard to find as 2/3 of the city was destroyed in the great fire of 1666.

On our last half day in London, we were keen to find the Peggy Porschen Bakery I've been following on Facebook for years. So, we went bags in hand on the Tube to Belgravia, a

beautiful area of London. From there, another quick Tube ride to the V and A museum. The Museum of Natural History is also near by and there's no entry fee for either. We only had an hour there -you could spend days - then back on the Tube to Heathrow and home. A truly amazing

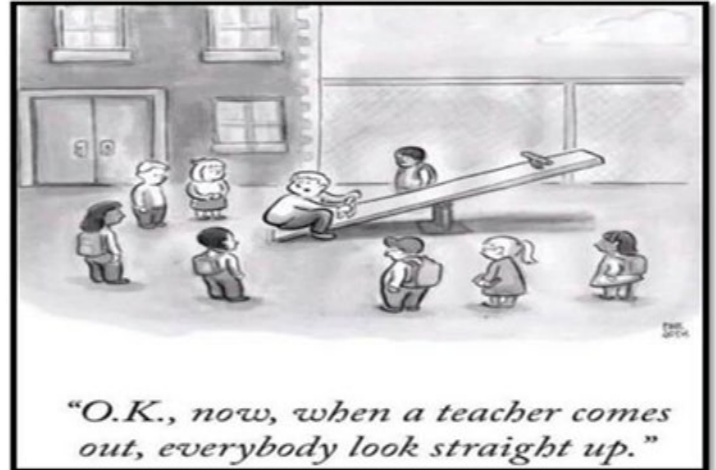

Mother/Daughter trip exploring London and the Lake District in just six days!

Tell us about your travels!

We are all keen to hear about your travelling adventures. If you would like to jot something down (doesn't have to be extensive) or want to forward a photo or two, please email info@bcrpvpa.ca

Be

Bear Smart

WHAT TO DO IF YOU SEE A BLACK BEAR

» **Stop and remain calm.** Often, the bear is just passing through and if it finds no food source, will simply move on. If a black bear stands on its hind legs it is often just curious.

Don't scream, yell or run. Talk in a low and calm voice while backing away slowly.

- » **Make yourself big**, by putting your arms above your head.
- » **Keep away** from the bear and **advise others to do the same.**
- » If walking a dog, keep it on leash for better control.
- » Bring your children and pets into the house.

When inside, you may use an air horn or loud noise to let the bear know it is not welcome in your yard. » If you encounter wildlife that is aggressive, breaking into buildings or causing property damage, please call the Conservation Officer Service at 1-877-952-7277

Spotlight on Christine Johnson

After coming to Canada from Scotland, where I got my BA degree and teacher training, I worked in secondary education for 35 years, including studying for my MA at SFU, working for a year in teacher education at SFU, going into Admin and retiring from Delta School District. *(Christine still has her wonderful Scottish brogue, and her French, which she taught for many years is fabulously articulate and refined. Madame Johnson has many hilarious stories to share about teenage hijinks.)*

Retirement has been good to me in so many ways. I've travelled far and wide. My favourites being Vietnam and The Arctic. I visited the Arctic on an Expedition trip in 2018 (just in time) and one of my favourite memories involves following the Terry Fox Icebreaker for over an hour to escape all the icebergs floating in the water.

The ability to spend time in the company of my grandchildren – two boys - has been wonderful. One to recently have seen one on the front page of the UK Guardian newspaper Photography section taking part in an obstacle course at The Royal Military College. It was a treat. I do also look up to my 6'6" sixteen-year-old grandson when carrying on a conversation. And yes, he's on two different basketball teams. Spending time with friends is a must and now I can certainly do that. *(You'll often find Christine walking very early in the morning with those friends. Her two feline companions serve as reliable alarm clocks that just won't let her sleep in!)*

Volunteering for the SPCA and then VOKRA (Van. Orphan Kitten Rescue Assoc.) was great and, of course, the Pandemic interrupted that. Volunteering with the BCRPVPA is a definite highlight and you, too, are invited to join us. The people are wonderful and it is a true community!
